

## Aftermath Apes Purchases Private Virtual Community Island in the Aftermath Islands Metaverse

The estate island will be home to the Aftermath Apes community and a host of other on-island events and experiences

**Bridgetown, Barbados, August 30, 2022** - [Aftermath Apes](#), an independent collection of 4,000 NFTs across the Ethereum Blockchain, generated from over 80+ hand-drawn and Unique Traits, has partnered with blockchain-based virtual reality platform [Aftermath Islands Metaverse](#), a Barbados-based company, to expand their shrewdness by offering a fun and exciting opportunity for users to acquire Virtual Land on a 1,000-plot Aftermath Islands community that is among Aftermath Islands' first private island programs.

Aftermath Apes NFT holders are being given the first opportunity to purchase virtual plots and parcels of land within this community, and initial sales of these pieces of virtual land have already commenced and received an enthusiastically positive response from the community.

Aftermath Apes chose the Ethereum Blockchain as it has a large existing network. The Ethereum Network is the second largest blockchain in the world providing buyers and sellers vast exposure to a growing market. Unlike other blockchains, Ethereum can do more than just store data; it can also execute smart contracts seamlessly, which is essential to NFT projects. The Ethereum community is one of the most innovative communities out there, and Ethereum is committed to always come up with new ways to improve their network to further the possibilities for creators working on the blockchain.

According to [Citi](#), the Metaverse may be in its infancy, but it could represent a revenue opportunity of as much as \$13 trillion and have a major impact on not just key tech players but also cryptocurrencies.

**David Lucatch, Managing Director of Aftermath Islands Metaverse**, said: *"We are excited to partner with Aftermath Apes and to support their new island in the Aftermath Islands Metaverse."*

*Supporting multi-chains and creating an immersive environment, a robust economic model, and breathtaking imagery, Aftermath Islands Metaverse is laying the foundation for a wide range of user-focused virtual experiences and opportunities of every type. The deal with Aftermath Apes – which is part of our managed private island properties category – is initially a mid-five figures deal and is expected to potentially grow over time. We continue to explore partnerships and endeavors with other partners that will represent both short- and long-term accretive revenue from 3<sup>rd</sup> party communities, which is a sign of things to come for users, developers, brands, and partners in the Metaverse for the next months and years.”*

**Ala Maslat, Creator of Aftermath Apes,** said: “Aftermath Apes chose the Aftermath Islands Metaverse as their partner because of their cutting-edge technology surrounding digital identity and GPU cloud, in-game utility, and famed creative for storytelling. Metaverse opportunities and virtual land are the next evolution for NFT projects utility. There is no better utility to give your holders than to offer opportunities for them to create their own utility that matches their passions and interests on their own land, and we believe that by working with Aftermath Islands we can maximize value and utility to our community.”
